Heron Boat Ramp Project

Montana Fish, Wildlife & Parks (FWP), Region One, has completed an environmental assessment (EA) for the Heron Boat Ramp project (S28, T27N, R34W) for the purpose of granting funding from the Community Grants through the Motorboat Enhancement Program to Sanders County to improve the facilities at the Heron boat ramp so the site can be easily accessed by the public for boat launching, day-use recreation, and fishing on the Cabinet Gorge Reservoir.

Based on the analysis in the EA and public comment, Alternative II was found to be the preferred alternative, with modifications as set forth in the record of decision (ROD) to reduce number of picnic tables to one and reduce parking to spaces for 5-6 vehicles with trailers instead of the original proposal of 15.

There were no changes to the draft EA; therefore, the draft becomes the final EA. Copies of the ROD and final EA are available at Fish, Wildlife & Parks headquarters, 490 N Meridian, Kalispell; Montana State Library, 1515 E 6th Ave., Helena; the Thompson Falls Library, 911 Main Street, Thompson Falls; and the FWP web site at fwp.state.mt.us.

Contact person: Regional Parks Manager Marty Watkins, FWP, 490 N. Meridian Rd., Kalispell, MT 59901, or e-mail mawatkins@state.mt.us.
